LANDSCAPE DESIGN

Our Process and Services

Before Design

45mins Initial onsite consultation to establish design brief.

Stage 1 Consultation & Onsite Measurements

- Provide fee proposal & Acceptance of fee proposal.
- Our friendly In-house designer will be in contact for onsite measurements.
- Welcome to discuss any further information or ideas with our designer onsite.

It is important to tell us more about your needs and preferences at this stage. Feel free to contact us anytime to discuss.

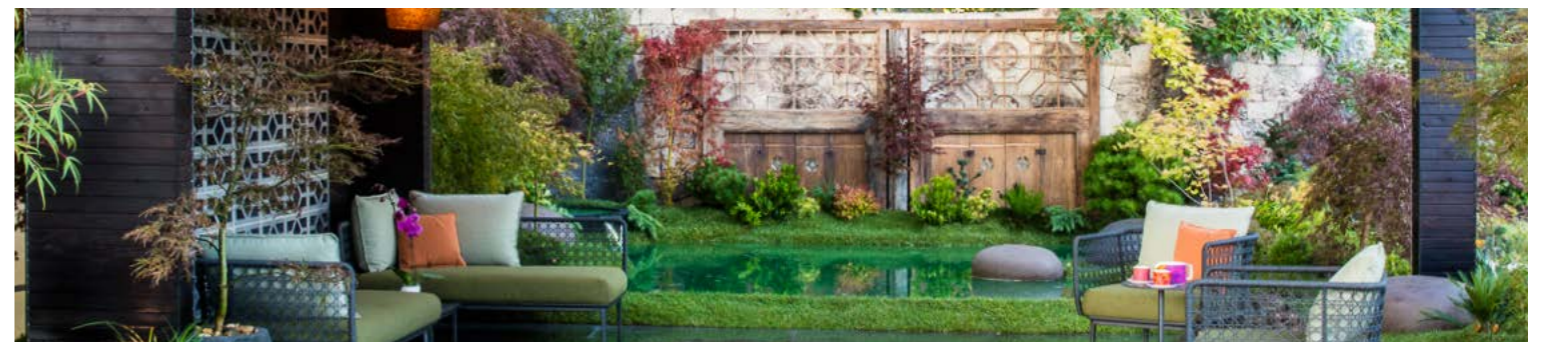

Stage 2 Concept Design & Design Development

- Concept design package including one 2D plan & one 3D rendering.
- Only key plants & materials will be listed at this stage.
- Client feedback & Meeting in office is preferred to discuss any changes.
- One free revision of the 2D plan will be provided.
- Client approval of the design.

Fees may apply for additional changes and revisions. Please speak to our friendly staff for more information.

Stage 3 Before Construction

- Project cost will be generated in a week, along with detailed planting & finish schedules.
- Our construction team will be in contact to discuss starting date.
